

35 owned facility and use of public funds for a non-publicly-owned facility, Council concurred
36 that they would not be moving forward with any further discussion at this time, and that this
37 issue would be researched and investigated to determine what could be done next fiscal year.
38 Finally, the City Hall remodel project was discussed, including other potential options for
39 remodel or new construction. Issues that must be addressed at City Hall were talked about as
40 well. Discussion continued regarding ensuring the City's needs are met; anticipated costs of
41 options; and amending the contract with Amundsen in order to provide actual estimated costs of
42 the options, which will be presented to Council at a later date. Average cost of new
43 construction right now is \$300 to \$350 per square foot; the current City Hall is approximately
44 6,800 square feet per floor. Following discussion of other related items such as electronic
45 signage and lighting, the Work Session was adjourned at 5:11 p.m. **No Council action was taken.**
